DUCTILE IRON SOCIETY
2020 Ductile Iron Production Seminar
January 28 – 29, 2020 • Hilton Garden Inn – Chicago O’Hare

Attendees of the seminar will learn the process control requirements to produce quality Ductile and Compacted Graphite Iron castings. Participants will also gain knowledge of current industry standards in the cost-effective and efficient production of ductile and CGI. The instructors are industry experts experienced in production, heat treatment and defect prevention. The networking reception and dinner will provide resources for when future problems arise in your foundry.
